And beginning at Moses and all the Prophets, He (Jesus) expounded to them in all the Scriptures the things concerning Himself. - Luke 24:27

“And I will put enmity between you and the woman, and between your seed and her Seed; He shall bruise your head, and you shall bruise His heel.” - Genesis 3:15 (the Protoevangelium / first Gospel)

Both science and philosophy have the same first question: “Why does _____?”

The Kalam _____ Argument:

- Whatever begins to exist has a cause.
- The Universe began to exist.
- Therefore, the Universe has a cause.

The observable expansion of the Universe and Second Law of Thermodynamics reveal a Universe with an _____.

Because the Universe was created from _____, its creator cannot be _____ upon anything found in the Universe. It must be spaceless, timeless, immaterial, uncaused, and unimaginably powerful.

The _____ Argument:

- If something contains strong evidence of being designed, it must have a designer.
- The Universe contains strong evidence of being designed.
- Therefore, the Universe must have a designer.

The scientific mystery is not the examples of chaos and disorder but the inexplicable examples of _____ and _____ found in the Universe.

Any alternative explanation for the cause of the Universe (e.g. the Multiverse) must solve the problem of _____.

“To continue in atheism, I would need to believe that nothing produces everything, non-life produces life, randomness produces fine-tuning, chaos produces information, unconsciousness produces consciousness, and non-reason produces reason. I simply don't have that much faith.” - Lee Strobel

Evidence For A Creator God Genesis 1:1 (Page 2)

"This most beautiful system of the sun, planets, and comets, could only proceed from the counsel and dominion of an intelligent Being. [...] This Being governs all things, not as the soul of the world, but as Lord over all; and on account of his dominion he is wont to be called "Lord God", or "Universal Ruler". [...] The Supreme God is a Being eternal, infinite, [and] absolutely perfect..."

"Opposition to godliness is atheism in profession and idolatry in practice. Atheism is so senseless and odious to mankind that it never had many professors."

- Isaac Newton

The 2 pieces of evidence that God considers sufficient to prove His existence are:

- The observable world and universe around us.
- Our inherent _____.

...(unrighteous men) suppress the truth in unrighteousness, because what may be known of God is manifest in them, for God has shown it to them. For since the creation of the world His invisible attributes are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they are without excuse, because, although they knew God, they did not glorify Him as God, nor were thankful, but became futile in their thoughts, and their foolish hearts were darkened. Professing to be wise, they became fools, and changed the glory of the incorruptible God into an image made like corruptible man - and birds and four-footed animals and creeping things.

- Romans 1:18b-23

...for when Gentiles, who do not have the law, by nature do the things in the law, these, although not having the law, are a law to themselves, who show the work of the law written in their hearts, their conscience also bearing witness, and between themselves their thoughts accusing or else excusing them)... - Romans 2:14-15

In the beginning was the Word, and the Word was with God, and the Word was God. He was in the beginning with God. All things were made through Him, and without Him nothing was made that was made. In Him was life, and the life was the light of men. And the light shines in the darkness, and the darkness did not comprehend it. - John 1:1-5
